New students will be sent a different registration form for their first session so we can get all the identification info we need on file.

Uniforms are mandatory and are \$52 for children and between \$65-78 for teen/adults depending on size.

If you have been away for a bit from training, make sure you try on your uniform so that if a new one is needed we can make arrangements prior to the start date.

If you wish to train more than once a week, pass cards for extra classes at any Desa School of Karate dojos can be purchased. They have no expiry date and can be used by all family members. These passes are only available to students registered in at least one class per week in a Sturgeon program.
